PROJECTS

ReelsVid [\[Live\]](#) [\[Github\]](#)

- A full-stack short video sharing platform allowing users to view reels while admins manage video content.
- Developed a robust three-tier authentication system — Users (view only), Admins (upload/delete reels), and Super Admins (full control with role management); ensured responsive front-end design.
- **Tech Stack** – Next.js, Tailwind CSS, TypeScript, DaisyUI, MongoDB, Mongoose, ImageKit

PayRoyale [\[Live\]](#) [\[Github\]](#)

- A MERN stack web app that analyzes Clash Royale stats and scores using web scraping for real-time updates.
- Built features to track player performance, rewards, and historical data to support strategic gameplay optimization.
- **Tech Stack** – Node.js, Express.js, MongoDB, Tailwind CSS, Magic UI

Language Translator [\[Live\]](#) [\[Github\]](#)

- Developed a language translation website with voice typing, text-to-speech, and document upload features.
- Integrated accessibility features and ensured fully responsive design across all screen sizes.
- **Tech Stack** – Next.js, TypeScript, Tailwind CSS, Clerk, Google Gemini API

EXPERIENCE

Doutya Technologies [\[Completion Certificate \]](#)

15 July 2024 - 15 Oct 2024

- Contributed to the design, development, and deployment of AI-powered web and mobile applications.
- Built responsive profile pages and enhanced user experience through cross-platform performance optimization.
- Resolved technical challenges using creative problem-solving and iterative development.
- **Tech Stack** – Next.js, Tailwind CSS, SQL

CERTIFICATIONS

- The Bits and Bytes of Computer Networking, Google Feb 2023
- AWS Cloud Practitioner, Amazon Feb 2024

EXTRACURRICULAR

- Silver Medalist in two CBSE National Archery Championships
